

Boyup Brook District Pioneers Museum

Unique amongst the displays are

- ◆ The Masonic Temple which is the only one in WA (possibly Australia) that is complete with original furniture, symbols and regalia and open to the public.
- ◆ A comprehensive display of machinery of the clover seed harvesting industry, developed by PD Forrest
- ◆ The Kulikup one-room country school building with memorabilia 1917 - 1945
- ◆ The Mortuary building which was in use at the Upper Blackwood Soldiers Memorial Hospital, 1924 - 1998, and now houses a display of early hospital equipment.
- ◆ The restored 1954 Perth-Zoo Train ~ engine and carriages.

Look for another mural in Dickson St

BOYUP BROOK FLAXMILL and Caravan Park

The Flax Mill site is a significant part of Boyup Brook's history as the production of ropes and webbing from flax grown in the district was an important industry in operation during World War II. Of all of the Flax mills established throughout Australia it is the only one largely still standing. It has been developed as a recreation and accommodation precinct. Within the 'Office' building find **scale models**

- * **of the Flax Mill** in full production
- * **of 'Skeleton' (Skelly or Skellows)**
Railway Bridge
